

Prof. Hertzog Praises This Perfect Laxative

Dr. Caldwell's Syrup Pepsin
an Ideal Remedy for
Constipation.

In every family there is more or less occasion for a laxative remedy. It is to meet this need that Dr. Caldwell's Syrup Pepsin is prepared, and that this combination of simple, laxative herbs with pepsin fulfills its purpose is proven by its place in thousands of American homes.

Prof. F. J. Hertzog, the well known linguist, 3241 North Orleans St., Philadelphia, Pa., writes to Dr. Caldwell that he has used Dr. Caldwell's Syrup Pepsin in his household with excellent results and that he and his family consider it indeed a friend in need, and always keep a bottle of it on hand.

Constipation is the direct cause of much serious illness and is a condition that should never be neglected. Harsh cathartics and violent purgatives should never be employed to relieve constipation, because the very violence of their action shocks the entire system. A mild laxative, such as Dr. Caldwell's Syrup Pepsin, is far preferable, being mild and gentle in its action, without griping or other pain or discomfort; its freedom from opiate or narcotic drugs makes it an ideal remedy for children.

Dr. Caldwell's Syrup Pepsin is sold in drug stores everywhere for fifty cents a bottle. To avoid imitations and imitative substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 415 Washington St., Monticello, Illinois.

May Be Put Into Bankruptcy.
Lawyers representing creditors of the Piersen Engineering & Construction company are considering the advisability of putting the corporation into bankruptcy. The company was organized by a receiver for the company, has practically finished all contracts including the one with the city of Putnam.

If the Piersen company is forced into bankruptcy as other concerns have been appointed by the superior court, the superior court will have no further and the estate will be settled in the United States court.

New London Has Many Candidates

For the Office of Corporation Counsel Made Vacant By Death of William J. Brennan—The Claims For Preference—Deutschland Has Given City Much Advertising.

Special to The Bulletin)
New London, Nov. 24.—The office of Corporation Counsel for the city of New London has been made vacant by the death of William J. Brennan, and while there is perhaps not a lawyer in the city that would refuse the appointment from the court of common council, still there are only a trio of Blackstonians who have openly proclaimed themselves as candidates for the vacant position, that carries with it a salary of \$1,200 a year. That sum is itself no salary for a lawyer, or any other man for that matter in these times of high prices, but it is a salary that is not to be sneezed at. The position is a very important one, and the man who fills it will be responsible for the legal affairs of the city. The position is a very important one, and the man who fills it will be responsible for the legal affairs of the city.

Attorney Philip Z. Hankey, twice defeated as a republican candidate for the legislature, who contributed to nearly every republican campaign fund since he became a resident of the city, in addition to what he contributed in the hope of securing his own election, believes that he is the logical candidate for the corporation counselship. He is a recognized party worker and entitled to party recognition when a plum is to be passed out by a republican council. The other open candidate is Perry J. Hollander, who contributed quite a bunch of money in the recent campaign fund in the hope that the republicans would win out in the city election, and that incidentally he might be elected as judge. Mr. Hollander is a republican in politics and is a member of the party. The third candidate is Mr. Brennan, who was a democrat and is now a republican. He was a member of the party and is now a republican. He was a member of the party and is now a republican.

WHAT REPUBLICANS SPENT IN STATE.

Election Account of G. O. P. State Chairman Shows \$53,936.
In holding the state for Charles E. Hughes and securing the re-election of the state ticket the republican state committee expended \$53,936, according to the statement of its treasurer, J. Henry Roraback, filed in the office of the secretary of the state. The committee had total receipts of \$53,936.90, leaving an unexpended balance of \$1,237.67. Hughes electors carried the state by less than 7,000. Four years ago the combined vote for the two republican presidential candidates was 21,922 over the vote for Wilson in this state.
The largest contributor to the fund from private sources was Henry W. Bull who gave \$5,000. The identity of Mr. Bull was a bit obscure today. That he had figured politically in this state in recent years seemed to be beyond ordinary recollection. The contribution from the national committee to the state committee was \$10,000.
Those who gave \$2,000 or over were: Governor Holcomb, Senator McLean and J. P. Martin for several years.
